

Ledinaire panel EcoSet

EcoSet BLE Wall Switch

Ledinaire panel EcoSet, Accessory

The Philips Ledinaire panel EcoSet (RC075) introduces a unique plug-and-play wireless solution. This LED lighting panel offers an easy way to unlock more energy savings and enables simple automated lighting in offices or schools. Our latest innovation enables our LED lighting panels to work with an external AC-powered PIR sensor to detect motion and daylight. These additional external lighting sensors trigger automated dimming of the luminaire. Setup is simple with the remote, so your lights are ready in no time. Use predefined dim levels or configure them easily via integrated dialswitches. An optional wall switch is available as an accessory for manual control—just in case you need it!

Product data

General Information		Dimensions (Height x Width x Depth)	
Accessory color	White		15 x 86 x 88 mm
Value ladder	Value	Material	Polycarbonate
CE mark	CE mark	Approval and Application	
Operating and Electrical		Ingress protection code	IP40 [Wire-protected]
Input Voltage	- V	Mech. impact protection code	IK04 [0.5 J standard plus]
Line Frequency	- Hz	Protection class IEC	-
Mechanical and Housing		Product Data	
Overall length	88 mm	Order product name	EcoSet BLE Wall Switch
Overall width	86 mm	Full product name	EcoSet BLE Wall Switch
Overall height	14.5 mm	Full product code	872016973290299
